Wanda/Katie, this is authorization to remove the classification markings on these cases. For the few where the examiner sent out a letter to the applicant to remove the markings, treat this also as a response to that action. Place a copy of this letter in all those cases as well. Thanks!

Hello Joanne

I had some information from France, so :

1) I confirm you that all the following applications have been unclassified in France

> 7421633 8813413

>

> 7872766 9104561

> 8088280 9206855

> 7300651 8801861

> 7368854 880846

> 7421621 8813690

Therefore the USPTO can remove the classification markings.

2) Can you tell me if the application US 7289636 corresponding to FR 9014433 has been declassified ?

3) Could you provide us with a list of US proxies duly authorized for classified patent ? You will find hereattached the French proxies Duly authorized
